Leith Walk Primary School  
Edinburgh

# The World United

China

Poland

Our families come  
from many  
different  
countries.

Scotland

Pakistan

Bosnia

## IRE ACTION

### The World United

We will respect each other and each other's feelings.  
We will let others finish what they are saying.  
We will be able to speak freely.  
We will say if we do not want to talk about something  
right now.

# What the parents thought....

We really enjoyed the afternoon.....

I think that all schools would find this project really valuable.

It was great to see the children co-operating so well.

# What the parents thought.....

I was not told much, but  
he always looked  
forward to a Friday  
morning and now I know  
why!

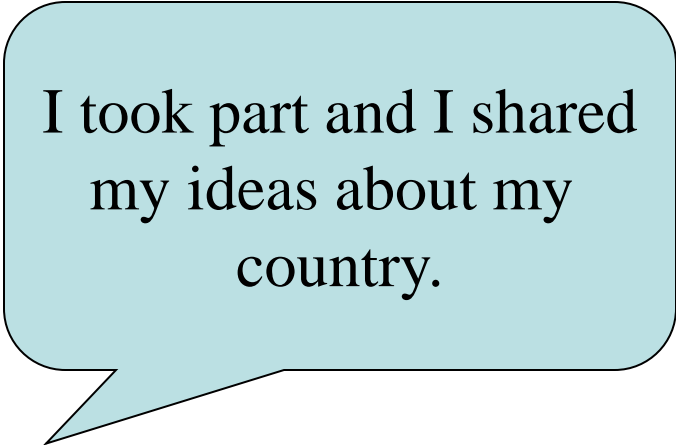

I have noticed Melina  
showing great respect for  
some children she  
didn't know before.

I think it has given the children an opportunity  
to learn about other people.....  
especially valuable within a  
multicultural school.

# What the children thought....

I enjoyed the friendship lesson because we did drama and I love drama!

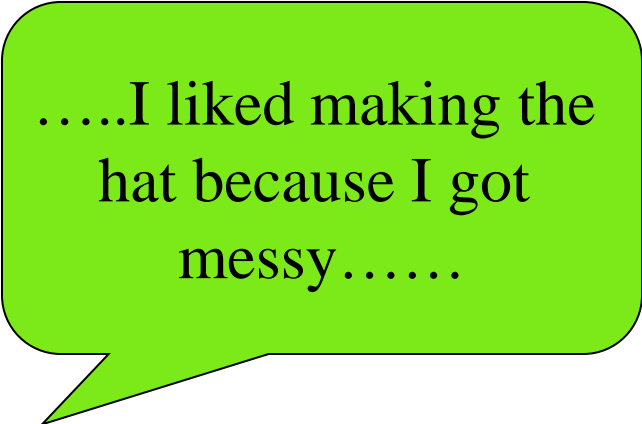

I took part and I shared my ideas about my country.

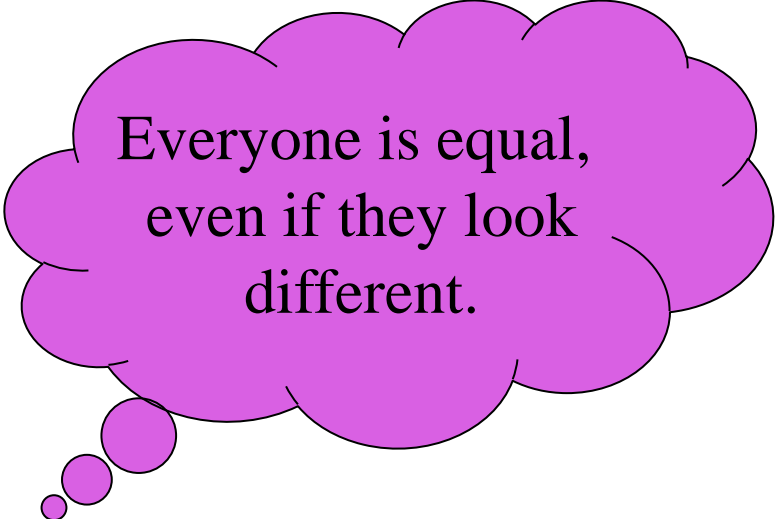

I learned about Polish people.

# What the children thought....

.....I liked making the  
hat because I got  
messy.....

Everyone is equal,  
even if they look  
different.

..it is the funnest thing  
ever...
